- LIE 1.** **Violent criminals benefit.**  
Violent criminals could be set free and empowered to sue the jurors who originally put them behind bars!
- LIE 2.** **A tax on working families and small business!**  
Taxpayers get socked with over \$40 million in legal and settlement costs while small business filing fees skyrocket by over \$600!
- LIE 3.** **A new bureaucracy with no accountability!**  
It would create a new bureaucracy with unlimited budget discretion! And it would be accountable to no one...
- LIE 4.** **It's not the South Dakota way.**  
Amendment E would encourage anyone with a grudge to sue our friends and neighbors who volunteer for our communities. It will kill the neighborly spirit that makes us all proud.

**PLEASE VOTE NO ON E!**

## South Dakota Codified Law 12-13-16 states: It is a crime to mislead voters

verify it for yourself: [www.legis.state.sd.us/statutes/displaystatute.aspx?statute=12-13-16&type=statute](http://www.legis.state.sd.us/statutes/displaystatute.aspx?statute=12-13-16&type=statute)

The opposition has been lying to you about Amendment E since it was put on the ballot. They are counting on the fact that you will not read the actual words in the Amendment for yourself. Don't be led astray! We have been urging all South Dakota voters to read the Amendment for themselves.

What's there to hide? – nothing

**Don't believe the lies, Amendment E only holds judges accountable – Period!**
